**More than 70% of public schools in Central Florida are considered high-need. Access to free supplies greatly influences a teacher's ability to create a more equal learning environment and deeply impacts a student's preparedness and confidence to learn.**

Direct funding of Pencil Boy Programs allows dedicated efforts to be focused in reducing barriers on teachers and students so they have the support they need to succeed.

*"I love Pencil Boy because it is often impossible for us to make the trek to the physical store...it makes it so convenient for us to shop at nearby schools and stock up on much needed items. You make it super easy for us and I appreciate all of your efforts!"*

- Zellwood ES Teacher
